

DuoMax is the highest performing cleaner & sanitizer on the market.

DuoMax is a small but high performance range and highly effective alcohol free cleaner/disinfect/sanitizer which is specifically designed to be used on a wide spectrum of surfaces in an even wider range sectors. The DuoMax range is often considered to be a complete infection control series.

Proven to kill bugs such as Swine Flu (H5N1), Avian Flu (H1N1), C. Diff spores, MSRA, E Coli, Norovirus among many others...

Another added feature of the DuoMax range is keeping your cleaning cupboard free of various labels and precautions. There is nothing like the simplicity of knowing 1 product range will clean and disinfect all surfaces with no personal protection required.
